

YATINDRA RAI

Frontend Developer, ML Engineer

yatindrarai9909@gmail.com | +918726441500 | Varanasi, Uttar Pradesh-221001

GitHub | LinkedIn | HackerRank

EDUCATION

S.R.M INSTITUTE OF SCIENCE AND TECHNOLOGY

Computer Science B.tech

GPA: 9.5

Chennai, Tamil Naidu

August/2024 - April/2028

Sunbeam Lahartara

PCM 12

Percentage: 82%

Varanasi, Uttar Pradesh

April/2022 - March/2023

EXPERIENCE

Team Envision | Member

Chennai, Tamil Naidu | August/2024 - Present

Actively participating in collaborative projects and team initiatives

Contributing to technical discussions and problem-solving sessions

Developing teamwork and leadership skills through group activities

SKILLS

Programming Languages: C++, C, JAVA, PYTHON, HTML, CSS

Libraries/Frameworks: JavaScript, React, Tailwind CSS, Scikit-learn, PyTorch, Matplotlib, Seaborn

Tools / Platforms: Git, TensorFlow, VS Code, Jupyter Notebook

Databases: MongoDB

PROJECTS / OPEN-SOURCE

Green AI | Link

Python | PyTorch | U-Net | Image Processing

Developed a U-Net-based machine learning pipeline to detect saplings and estimate survival rates from drone imagery

Implemented geospatial visualization and parallel image analysis for scalable monitoring of afforestation efforts

Achieved accurate localization of dead saplings, contributing to environmental conservation initiatives

Trivinity Web Development Quiz App | Link

React | JavaScript | CSS | Responsive Design

Built an interactive quiz application to test web development knowledge covering HTML, CSS, JavaScript, and frameworks

Implemented dynamic question generation, real-time scoring system, and detailed results analysis

Designed responsive UI with modular React components focusing on optimal user experience

Stock Market Prediction NIFTY 50 Index | Link

Python | Linear Regression | scikit-learn | Data Visualization

Developed a machine learning model using Linear Regression to predict NIFTY 50 index movements

Performed comprehensive data preprocessing, feature selection, and model evaluation using MSE and R metrics

Achieved high predictive accuracy ($R = 0.9999$) with effective visualization of actual vs. predicted prices
